

### **How long it takes to get to jPad?**

Not as much as you think. Ask any of your friends who have come here. Just give it a try at least once or twice and find it out yourself, you will be surprised. We have games for players at all levels. We can accommodate games at other levels, with enough interest and commitment. Finally, yet importantly, even if it takes a little longer is not worth it to play in the nicest club in the town?
